Where you get care can impact what you pay for care.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing.
As a member in this plan, you will pay different levels of in-network cost share (such as copayments and/or coinsurance) for certain services depending on the preferred general hospital you choose to furnish those covered services. For most preferred general hospitals, you will pay the lowest in-network cost sharing level. However, if you receive certain covered services from any of the preferred general hospitals listed in this Summary of Benefits, you pay the highest in-network cost sharing level. A preferred general hospital's cost sharing level may change from time to time. Overall changes to add another preferred general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a preferred general hospital (not listed in this Summary of Benefits for which you pay the lowest in-network cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at **bluecrossma.org/hospitalchoice**. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CHOICE

Your Deductible
Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductibles for medical benefits are **$500** per member (or **$1,000** per family) for in-network services and **$500** per member (or **$1,000** per family) for out-of-network services. Your deductible for prescription drug benefits is **$100** per member (or **$200** per family).

When You Choose Preferred Providers
You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your "in-network" benefits. See the charts for your cost share.

The plan has two levels of hospital benefits for preferred providers. You will pay a higher cost share when you receive inpatient services at or by "higher cost share hospitals," even if your preferred provider refers you. See the chart for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you are referred to is not a preferred provider, you're still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

Higher Cost Share Hospitals
Your cost share will be higher at the hospitals listed below. Blue Cross Blue Shield of Massachusetts will let you know if this list changes.

- **Baystate Medical Center**
- **Boston Children's Hospital**
- **Brigham and Women's Hospital**
- **Cape Cod Hospital**
- **Dana-Farber Cancer Institute**
- **Fairview Hospital**
- **Massachusetts General Hospital**
- **UMass Memorial Medical Center**

Note: Some of the general hospitals listed above may have facilities in more than one location. At certain locations, the lowest cost share may apply.

How to Find a Preferred Provider
To find a preferred provider:

- Look up a provider on Find a Doctor at **bluecrossma.com/findadoctor**. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.

- Visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**

When You Choose Non-Preferred Providers
You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your "out-of-network" benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider's actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical benefits is **$2,500** per member (or **$5,000** per family) for in-network and out-of-network services combined. Your out-of-pocket maximum for prescription drug benefits is **$1,000** per member (or **$2,000** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your in-network deductible, you pay a copayment per visit for in-network or out-of-network emergency room services. The copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements
Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don't get pre-approval when it's required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Value Care Offering Coverage
Your cost share may be waived or reduced for designated in-person and telehealth office visits for certain outpatient services. These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; or physical and/or occupational therapy services. See your benefit description (and riders, if any) for exact coverage details.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.
