Dear Ross,

As you are aware, our office filed a Notice of Intent application, on behalf of the applicant, to conduct work within jurisdictional areas of the Town of Boxford Wetlands Protection Bylaw and Massachusetts Wetlands Protection Act. The last public hearing was continued to allow time for a site visit.

Please find attached a revised plan that was revised to include infiltration trenches along the paved driveway surfaces. The infiltration trenches will help infiltrate stormwater during precipitation events.

We look forward to presenting the revised plan to your commission at the next scheduled conservation meeting. If you should have any questions regarding this information, or require any additional information, please do not hesitate to contact me directly.

Sincerely,
