Boxford Conservation Commission
Attn: Ross Povenmire, Director
7A Spofford Road
Boxford, MA 01921

Subject: DEP File Number 114-1280
19 Appleton Lane – Notice of Intent

Dear Commission Members,

As you are aware, our office filed a Notice of Intent on behalf of the applicant, William Hall to conduct landscaping improvements on the above referenced property. To date we have had one public hearing and a site visit with your Commission.

Please find attached a revised plan based on comments made during the last public hearing and site visit. The plan has been revised to show the following:

- Two of the large oak trees that were proposed to be removed have been slated to stay;
- A split rail fence has been added to the plan;
- A small section of pavement has been added off the driveway outside of the 100 foot buffer zone;

In addition, the property owners have been asked to remove the various piles of landscaping debris and stockpiled materials from the wooded buffer zone.

If you have any questions regarding this information please do not hesitate to contact our office. We look forward to discussing this request with your Commission at your next scheduled public hearing.

Sincerely,

WILLIAMS & SPARAGES, LLC
