Finance Committee recommends adoption of this article
Select Board recommends adoption of this article

MOTION: I move to set the annual curbside solid waste collection fee at \$3.00 for each 32-gallon bag or container (each use).

COMMENTS: This is the annual vote to establish the trash sticker fee for the ensuing fiscal year. The fee was increased a few years ago to \$3 and it is proposed to keep that rate for at least the next year. Trash sticker revenues cover about 1/3rd of the annual trash roadside collection and disposal costs.
