#### External Sender

Good Afternoon Matt,

Please see attached estimates related to the security video projects that we have been discussing funding at the upcoming annual town meeting. At this time I am adding a 20% contingency to each estimate while we iron out some final technical details and get you project estimates as requested by today. I expect to modify the total cost of each project's cost lower but wanted to have these costs as a placeholder for your process. Any questions related to these estimates or the projects in general please contact me directly.

Cole School = 81,324.00 Spofford Pond School = \$62,158.00

Thank you, Steve

Steve Clifford Director of Facilities

Re: Security Upgrades at the Spofford Pond School 31 Spofford Rd. Boxford, MA.

Thank you for the opportunity to present LAN-TEL Communications, Inc.'s quote for the requested security upgrades and enhancements at the Spofford Pond School, located at 31 Spofford Rd. Boxford, MA

Our quote is based upon the information gathered during a site visit conducted by John Grennon of Lan-Tel Communications, Matt Leonard of Avigilon and Steven Clifford of the Tri-Town School Union.

I am hopeful you will find our response to reflect our understanding and interpretation of the security scope and that the financial offer is within your budget allocation.

If you have any questions, please call me at (857) 939-8181 or e-mail me at jgrennon@lantel.com. I look forward to reviewing our proposal with you.

Regards, John M Grennon

# Scope of Work

Lan-Tel Communications will furnish and install the following IP Camera and Video upgrades at the Spofford Pond School

Four (4) Avigilon 270-degree IP exterior cameras
One (1) Avigilon Exterior Mini Dome camera
Three (3) Avigilon Interior 180-degree IP cameras
One (1) Avigilon Interior 360-degree IP camera
Five (5) Avigilon Interior Mini Dome cameras
One (1) Avigilon 16 TB, rack mounted, Network Video Recorder
Two (2) 42 Inch Video Monitors
One (1) Remote Monitoring Workstation 2 Monitors ACC Client pre-installed

Lan-Tel Communications will provide all required Avigilon base and edge device licensing for all installed cameras.

Lan-Tel Communications will furnish and install all necessary Category 6 cable associated with this installation.

All work will be performed by Lan-Tel Communications Technicians. Subcontractors will not be utilized for this project.

This installation will be covered by a 1-year, material and labor warranty. In addition, all Avigilon equipment will be covered by a 5-year warranty.

Lan-Tel Communications will provide 4 hours of end user training on the Avigilon Control Center System. This training will be conducted at the Spofford Pond School and the date and time will be at the discretion of the Tri-Town School Union.

## **Terms & Conditions**

LAN-TEL Communications, Inc., having its place of business at 3 EDGEWATER DRIVE, Norwood, MA 02062, (hereinafter referred to as "LAN-TEL") sets forth the following terms and conditions to which Purchaser and LAN-TEL agree:

1. LAN-TEL agrees to provide and install all equipment as specified in accordance with manufactures specifications. All equipment will be installed in a workmanlike manner. LAN-TEL reserves the right to substitute equipment based upon installation constraints or delivery requirements.

2. Purchaser shall be responsible to provide 110VAC power as required.

3. All labor is under warranty by Lan-Tel Communications for the period of 12 months to be free of defects in material and manufacturing. This shall include on-site support including parts and labor. Warranty service is available from 8:30 a.m. to 4:30 p.m. Monday through Friday excluding holidays. Out of hours service is available for a labor charge.

4. Services required to correct conditions caused by lightning, fire, flood or other acts of God, or by equipment outside the scope of this agreement, misuse, abuse or vandalism are specifically excluded from this agreement, and are billable at current rates.

5. This quote is good for (30) thirty days.

### About LAN-TEL Communications, Inc.

LAN-TEL is the industry leader and trusted provider of structured cabling systems, integrated public safety and security solutions and IT infrastructure services. For more than 25 years, LAN-TEL has offered an unparalleled level of client service, support and innovative technologies to New England's largest corporations, buildings and municipalities.

### **Decades of Telecommunications Experience**

LAN-TEL has been providing telecommunication wiring services to customers in New England since 1991. Our team of experienced technicians and project managers are trained and certified to install and maintain all low voltage solutions; from traditional copper-based infrastructure to cutting-edge fiber solutions. The LAN-TEL team brings expertise throughout every phase of your project. LAN-TEL is an active member of the Building Industry Consulting Services International (BICSI) and is qualified and certified to build and test to current Electronic Industries Alliance (EIA), and Telecommunications Industry Association (TIA) standards. Our team of Registered Communications Distribution Designers (RCDD), Project Managers, and Engineers ensure your network infrastructure will utilize the latest design/installation techniques and comply with all state/local licensing requirements and building codes.

### Security Teams Trusted by Top Law Enforcement

LAN-TEL is New England's relied upon security system provider, having provided hundreds of hardwired and wireless video security system installations throughout New England. At our Norwood headquarters, in our prefabrication department's special IP Lab, technicians efficiently customize security cameras and switches to precise specifications for New England's largest Police Departments, Corporations, Schools and clients. All security cameras undergo thorough pretesting prior to being delivered and installed on-site. LAN-TEL technicians provide reliable installations and maintenance of systems in a variety of field conditions, 24-7, whenever the call comes in.

### **Unmatched IT Infrastructure Services**

LAN-TEL offers IT Infrastructure solutions from a talented team of experienced professionals. LAN-TEL Communications' IT infrastructure group provides end-to-end solutions; from the physical cabling, to data center infrastructure, and full integration of security systems. LAN-TEL Communications is a one-stop shop for all your IT infrastructure needs. As your most trusted adviser, LAN-TEL Communications has partnered with the best-of-breed IT hardware and software providers to offer the latest solutions.

Re: Security Upgrades at the Harry Lee Cole School 26 Middleton Rd. Boxford, MA.

Thank you for the opportunity to present LAN-TEL Communications, Inc.'s quote for the requested security upgrades and enhancements at the Harry Lee Cole School, located at 26 Middleton Rd. Boxford, MA.

Our quote is based upon the information gathered during a site visit conducted by John Grennon of Lan-Tel Communications, Matt Leonard of Avigilon and Steven Clifford of the Tri-Town School Union.

I am hopeful you will find our response to reflect our understanding and interpretation of the security scope and that the financial offer is within your budget allocation.

If you have any questions, please call me at (857) 939-8181 or e-mail me at jgrennon@lantel.com. I look forward to reviewing our proposal with you.

Regards, John M Grennon

# Scope of Work

Lan-Tel Communications will furnish and install the following IP Camera and Video upgrades at the Harry Lee Cole School

Four (4) Avigilon 270-degree IP exterior cameras One (1) Avigilon Exterior Mini Dome camera Six (6) Avigilon Interior 180-degree IP cameras Ten (10) Avigilon Interior Mini Dome cameras One (1) Avigilon Interior 360-degree IP camera Two (2) 42 Inch Video Monitors One (1) Remote Monitoring Workstation 2 Monitors ACC Client pre-installed

Lan-Tel Communications will provide all required Avigilon base and edge device licensing for all installed cameras.

Lan-Tel Communications will furnish and install all necessary Category 6 cable associated with this installation.

All work will be performed by Lan-Tel Communications Technicians. Subcontractors will not be utilized for this project.

This installation will be covered by a 1-year, material and labor warranty. In addition, all Avigilon equipment will be covered by a 5-year warranty.

Lan-Tel Communications will provide 4 hours of end user training on the Avigilon Control Center System. This training will be conducted at the Harry Lee Cole School and the date and time will be at the discretion of the Tri-Town School Union.

### **Terms & Conditions**

LAN-TEL Communications, Inc., having its place of business at 3 EDGEWATER DRIVE, Norwood, MA 02062, (hereinafter referred to as "LAN-TEL") sets forth the following terms and conditions to which Purchaser and LAN-TEL agree:

1. LAN-TEL agrees to provide and install all equipment as specified in accordance with manufactures specifications. All equipment will be installed in a workmanlike manner. LAN-TEL reserves the right to substitute equipment based upon installation constraints or delivery requirements.

2. Purchaser shall be responsible to provide 110VAC power as required.

3. All labor is under warranty by Lan-Tel Communications for the period of 12 months to be free of defects in material and manufacturing. This shall include on-site support including parts and labor. Warranty service is available from 8:30 a.m. to 4:30 p.m. Monday through Friday excluding holidays. Out of hours service is available for a labor charge.

4. Services required to correct conditions caused by lightning, fire, flood or other acts of God, or by equipment outside the scope of this agreement, misuse, abuse or vandalism are specifically excluded from this agreement, and are billable at current rates.

5. This quote is good for (30) thirty days.

### About LAN-TEL Communications, Inc.

LAN-TEL is the industry leader and trusted provider of structured cabling systems, integrated public safety and security solutions and IT infrastructure services. For more than 25 years, LAN-TEL has offered an unparalleled level of client service, support and innovative technologies to New England's largest corporations, buildings and municipalities.

### **Decades of Telecommunications Experience**

LAN-TEL has been providing telecommunication wiring services to customers in New England since 1991. Our team of experienced technicians and project managers are trained and certified to install and maintain all low voltage solutions; from traditional copper-based infrastructure to cutting-edge fiber solutions. The LAN-TEL team brings expertise throughout every phase of your project. LAN-TEL is an active member of the Building Industry Consulting Services International (BICSI) and is qualified and certified to build and test to current Electronic Industries Alliance (EIA), and Telecommunications Industry Association (TIA) standards. Our team of Registered Communications Distribution Designers (RCDD), Project Managers, and Engineers ensure your network infrastructure will utilize the latest design/installation techniques and comply with all state/local licensing requirements and building codes.

### Security Teams Trusted by Top Law Enforcement

LAN-TEL is New England's relied upon security system provider, having provided hundreds of hardwired and wireless video security system installations throughout New England. At our Norwood headquarters, in our prefabrication department's special IP Lab, technicians efficiently customize security cameras and switches to precise specifications for New England's largest Police Departments, Corporations, Schools and clients. All security cameras undergo thorough pretesting prior to being delivered and installed on-site. LAN-TEL technicians provide reliable installations and maintenance of systems in a variety of field conditions, 24-7, whenever the call comes in.

### **Unmatched IT Infrastructure Services**

LAN-TEL offers IT Infrastructure solutions from a talented team of experienced professionals. LAN-TEL Communications' IT infrastructure group provides end-to-end solutions; from the physical cabling, to data center infrastructure, and full integration of security systems. LAN-TEL Communications is a one-stop shop for all your IT infrastructure needs. As your most trusted adviser, LAN-TEL Communications has partnered with the best-of-breed IT hardware and software providers to offer the latest solutions.
