

Hello Ross,

We would like to request three trees to be cut down in our yard at 38 Spofford Road. I have marked which trees are to be removed with pink tape in our yard. We feel they are a danger to our home and wires going to the house. We have in the past several years had limbs that have damaged our roof and back deck causing major damage. We would like to request to be at the meeting on June 7th in person and for a "determination of negligible impact".

Thanks,

Nancy and Ron Gruner
38 Spofford Road
