Registered Voter in Boxford? Yes

Appointment (s) Requested: Library Board of trustees

If you have previously served on any Boards or Committees in Boxford, please describe your experience:

Are there other background experiences or skills that you feel would contribute to this appointment?

My expertise is in continuous improvement and program management. I thrive in what I refer to as intersection points, where I have the opportunity to work across different departments, facilitate problem solving, and reach consensus that meets program requirements/desired outcomes.

For 10+ years, I coordinated a reading program for a group of volunteers at GE to read and connect with 2nd and 3rd grade students at Drewicz Elementary School in Lynn, MA. I remember every kiddo I was paired with; I loved contributing to creating a space where students were encouraged to read and explore their interests and learn about the world.

I can also provide a CV.

Why are you interested in this appointment? Some of my fondest memories growing up are exploring & getting lost in the stacks at my local library. My oldest loves the library; it's one of his most requested destinations when we go on 'adventures.' I feel strongly about the impact a local library has on the community, providing children and adults a safe environment to learn and explore a broad range of ideas, philosophies, and experiences. I would be honored to have the opportunity to support the community and the library.

What are your goals for this Board or Committee? Continue to grow the programming provided by the library, focused on meeting the needs of the community. Explore, through survey or other means, the interest in expanding programming for teens and elementary kiddos.

Do you have conflicts with meeting times or group assignments? No
